PERSONAL PROJECTS

Portfolio Website

- Using HTML , CSS ,JS
- I have created Portfolio website using HTML, CSS, and JavaScript to showcase my skills, projects, and experiences in web development. Let's take a closer look at its structure and functionalities.
- Github Repo <https://github.com/LuvThakur/Portfolio>

News Website

- Using React-JS & Bootstrap
- Created a responsive News Website using ReactJS to provide users with up-to-date news articles from various sources. Implemented dynamic content rendering and user-friendly UI components to enhance the user experience. Integrated external APIs to fetch and display real-time news data on the website.
- Github Repo <https://github.com/LuvThakur/News-App>
